LEGAL ETHICS OPINION 482

COMMUNICATING WITH ONE OF
ADVERSE INTEREST.

A staff member/attorney for a governmental agency may communicate with one who has or later will assert a claim against the agency only according to the terms of DR:7-103.

Also, if the staff member/attorney does not know whether the person is represented by counsel, the attorney must disclose that he is an attorney and must inquire whether the person wants legal counsel present. If the person does not, the attorney then may proceed with the discussion.
