LEGAL ETHICS OPINION 772

CORPORATIONS – CONFLICTS OF  
INTEREST.

It is not improper per se for an attorney or professional corporation to own stock in a financial consulting company and to render legal services to the financial consulting company. The attorney is reminded, however, of the limitations imposed by DR:5-101(A) and DR:5-104(A). [DR:5-101(A), DR:5-104(A)]
