LEGAL ETHICS OPINION 393

LEGAL CLINIC.

It is not improper for an attorney, not licensed to practice in Virginia, to own and operate a legal clinic in Virginia, so long as the attorney's foreign law corporation is domesticated and is issued a certificate of registration from the Virginia State Bar and all legal services are provided by Virginia-licensed attorneys. [See Pt. 6, § IV, Para. 14(c)(i) and (iii).]
